The two-day intensive seminar will take you from a complete beginner to making real money online, even if you know nothing about the Internet!

Ewen Chia, 33, used to chalk up credit card debts of RM16,000. Now, he makes a five-figure income on average from his Internet business. Chia started learning and experimenting with an Internet business. For five full years, he worked on his business every day from 11pm - 3am, while still holding a full-time day job.

He was motivated to succeed to build a better life for his family and to clear his mounting credit card debts. After years of perseverance, learning and very little sleep, Chia was finally able to make a fortune online in 2002. Today he no longer has trouble with credit card debts. He even has extra money to buy a nice car.
